I am Alice. I am in my sitting room at home, talking to my teacher on the radio. Yes, I am at school!

I live in the middle of Australia, a long way from any towns or cities, so I belong to the School of the Air. Students from all over Australia belong to such school. Every day, I start at half past eight. I have two hours of radio lessons and sometimes I watch lessons on TV. After that, I have three hours of homework, then I have free time.

I don't mind going to school in the sitting room — it's fun! I like using the radio. I like Geography because I'm interested in learning about foreign countries and I like talking to my Geography teacher about her visits to Europe, Asia and America. I also like History lessons. Unfortunately, we don't have sport lessons.

I am Magnus. I go to Green Street School in Portland, the USA. We get to school by bus.

Our school is quite big. There are about 1,500 students. I don't mind going to school. The lessons aren't very difficult for me. Our lessons start at half past eight. We usually have five or six 45-minute lessons. I am interested in science and computer studies. I usually get good grades in these subjects and I don't mind having tests in English and Literature.

I like my school. I am good at sport. I like playing ball games, especially baseball, football and basketball. We don't have uniform in our school and we don't study foreign languages. Some schools in Portland teach Spanish and German. I would like to study German.

I usually come home after 3 p.m. and go to the local stadium to play baseball with my friends.
